

GRHA ANNUAL MEETING: THURSDAY, JAN 22, 7:00 PM

**IT'S YOUR CHANCE TO ELECT NEW
GRHA BOARD MEMBERS**

Three GRHA Board Members terms will expire this month. Tom Bruckman, Tom Parsons and Bob Waldo have completed their three year terms. We thank them for their tireless service. The next step is electing three new Board members and one alternate. In order to vote, you must be a member in good standing as of December 31, 2008.

Voting will be at the meeting. If you can't attend then you will need to vote by the attached proxy. PLEASE deliver the executed proxy to a member of the Board or to another member of GRHA who will be present at the Annual MEETING.

The person who was APPOINTED AS THE HOLDER OF THE PROXY must be present in order to be able to vote at the Annual Meeting. Only those whose signature has been placed into the SIGNATURE REGISTRY shall be eligible to grant a proxy to another member. The signature Registry is at the home of Board Member, Bob Waldo. Please let Bob know that you will be stopping by to sign the registry if you have not done so yet.

The GRHA Annual Membership Meeting will be Thursday, January 22 at 7:00 p.m. The meeting will be held at Marty and Debbie White's home, 13322 N. Vista Del Oro. We will begin congregating at 6:30, and the meeting will start promptly at 7:00. We have many important issues to cover, so please come, and please be prompt.

The following are our four nominee's bios, which they each have provided. We thank them all for running!

Greg Calvin: I would like to

introduce myself, I am Greg Calvin and have been a resident of Goldfield Ranch for 5 1/2 years. During that time I have watched the existing roads become more deteriorated due to the frequency of travel in the area. Not only is it unsafe for travel but costing most of us money in auto repairs. Also, it has increasingly become a health issue for ourselves, our children and our animals due to the dust control issues. I look forward to the opportunity to work in a timely, positive way with all of you to solve these issues. Thank you, Greg Calvin

Scott Erkelens: Our family moved to Phoenix 11 years ago from Salt Lake City. We moved because of a job transfer and love it here. We've owned our property for about eight years, but have only lived here for the past five. The solitude and views brought us here and have always thought that we might bring some of Jean's Arabian horses here, but haven't yet. I am not seeking this position on the board, but I care deeply for Goldfield Ranch and the great neighbors we have here. So if I can be of any use, I gladly will. I honestly don't believe a lot needs to be changed, but we could tweak a few things to make a great place even better. Thanks for your trust. Scott

Karl Mann: I would like to be on the Board of Directors because I think I could help get our roads taken care of. I am also very concerned about the water resources in the area, and I believe we need to keep a very careful eye on developers to make sure our water is not depleted. My wife, Faye, and I have lived in Goldfield since

2004, and plan to spend the rest of our days here. I was born in Golden, Colorado - but have spent most of my life in Arizona, running construction companies and crews, and building houses. I believe my experience and expertise in working all phases of construction will help to see the above improvements in our community to completion. And I would very much like to serve on the Board of Directors to help in any way I can.

David Smith: David Smith is an 8 year resident of Goldfield Ranch. I have a Bachelor of Science degree from the University of Wisconsin and a Masters Degree from Bastyr University, Seattle, Washington. I grew up in a mid west business family and over the past 30 years have had experience and ownership interests in several small companies. I am a 26 year pilot for Alaska Airlines. I settled in Goldfield Ranch to build a connection to my future. A house of obligation on a foundation of choice. For me, Goldfield provides a spiritual aura I call my "sense of place". If Goldfields gift is space, then Goldfields very special gift is landscape made personal. Views that reach out to the horizon, then come back and get under my skin. I am of the belief, in order for Goldfield to be a truly rooted place, the wants of the many can no longer be cast aside by a contentious few with an isolationist agenda. Until now, I have been a spectator. I would now like the opportunity to be a participant.

Please thank these four neighbors when you see them for stepping up to the plate and volunteering to take on the issues that are important to all of us. If you know you will not be able to attend on January 22nd, please get your proxy to a board member as soon as possible. We encourage you to attend as we will be discussing important Goldfield topics. As we get closer to the meeting date an agenda will be sent out.
